| HCC week       | 25      | 24        | 671           | 4,870       | 12,792            |

**Engaged users** = the unique number of people who liked, commented, shared, or click on HCA posts

**Total reach** = the number of people who were served any activity from your FB Page including posts, posts by other people, mentions, and check-ins.

**Total impressions** = the number of times a post from your FB Page was displayed; people may see multiple impressions of the same post.
Project initiated May 2014

May 1, 2014: 327 followers
July 21, 2014: 427 followers

Total increase of 100 followers (31%*) in an 82 day period

*Compared to 12% increase in followers during prior three month period (Feb.1 - Apr.30)
Twitter Engagement

<td>May 01 - Jul 21</td>
<td>84</td>
<td>17,631</td>
<td>293</td>
</tr>
</tbody>
</table>

% increase 320%

Impressions = number of times users saw the tweet on Twitter

Engagement = number of times users interacted with a tweet or user profile; includes all clicks anywhere on the tweet, as well as retweets, replies, follows, and favorites
Key Take Aways

• Having a consistent presence (i.e., near daily activity) on Facebook and Twitter significantly boosts HCA’s overall engagement on these social networks.

• Including photos on Facebook posts, even when sharing a link or event, generally increased post reach.

• A richer conversation and even greater reach could be achieved on social media with more input from HCC team (staff, planning committee, volunteers) and throughout planning period (i.e., not just in final months).

• Missed opportunity: utilize Twitter to solicit audience questions during plenary and breakout sessions rather than text messaging:
  
  o If a lot of questions are received, they can be monitored via multiple handheld devices (rather than the one phone receiving texts).
  
  o Questions (and potentially the answers) are made available to a much wider audience.
